

Bonus Policy

1. Introduction

This Bonus Policy (the "Policy") outlines the rules and conditions applicable to any bonus program ("Bonus" or "Bonuses") offered by Olympus Broker (the "Company") at its sole and absolute discretion. By accepting the Company's Terms and Conditions and activating a Bonus, the Client acknowledges and agrees to be bound by this Policy.

This Policy forms an integral part of the Company's Terms and Conditions. In the event of a conflict between this Policy and any specific Bonus promotion, the specific promotion terms shall prevail.

2. Definitions

- **Deposit Bonus:** A one-time Bonus credited based on a qualifying deposit made by the Client.
- **No Deposit Bonus:** A discretionary Bonus provided by the Company without requiring a deposit.
- **Trading Volume:** The required cumulative trading activity (also called turnover) needed to convert a Bonus to withdrawable funds.
- **Related Instruments:** Financial instruments that qualify towards the Trading Volume, specifically Binary Options, Digital Options, and Blitz Options.

3. General Conditions

3.1. Bonuses are optional and can be activated by Clients through their Account interface.

3.2. The maximum Bonus amount per Client is \$1,000 or equivalent in other currencies.

3.3. Bonus programs may vary based on the Client's region and are not guaranteed or permanent.

3.4. The Client may not withdraw any amount (including profits) unless either:

- (i) The required Trading Volume has been achieved and all open trades are closed, or
- (ii) The Bonus has been cancelled in full (subject to deductions outlined in Section 5).

3.5. Olympus Broker reserves the right to correct any erroneous Bonus crediting without prior consent.

3.6. Bonuses expire if the Trading Volume is not completed within the specified time frame visible in the Bonus details.

3.7. Any indication of abuse, manipulation, arbitrage, or other fraudulent behavior will result in Bonus cancellation, forfeiture of associated profits, and possible account suspension.

4. Deposit Bonus Terms

4.1. To activate a Deposit Bonus, the Client must:

- Accept this Policy;
- Enable the Bonus in the Account interface;
- Make a qualifying Activation Deposit.

4.2. Bonuses are applied only to the first qualifying deposit after activation. Future deposits are not eligible.

4.3. After activation, withdrawals are restricted unless:

- (i) The Trading Volume is met and all positions are closed, or
- (ii) The Client cancels the Bonus and all open positions are closed (see Section 5).

4.4. Trading Volume is only calculated based on trades in Related Instruments. Trades in opposite directions at expiration, trades with equal results (strike = expiry), and trades closed via buyout are excluded.

5. No Deposit Bonus Terms

5.1. To activate a No Deposit Bonus, the Client must:

- Accept this Policy;
- Enable the Bonus in the Account interface.

5.2. The volume and value of No Deposit Bonuses are determined at the Company's discretion.

6. Bonus Cancellation and Withdrawals

6.1. A Bonus may be cancelled at any time provided there are no open positions.

6.2. If the Bonus is cancelled before reaching the Trading Volume:

- The Bonus amount and any profit generated from it will be deducted from the Client's balance.
- The Client will retain only the original deposited amount and a proportional share of profits from that amount.

6.3. If the required Trading Volume is met, the Client may withdraw:

- The original deposit;
- The Bonus (converted to real funds);
- All associated profits.

6.4. All withdrawals are subject to standard AML/KYC verifications.

7. Fraud and Misuse

Olympus Broker reserves the right to reject or cancel a Bonus if any abuse is suspected, including but not limited to:

- Multi-account abuse;
- Use of arbitrage strategies to exploit Bonus terms;
- Violations of the Company's Terms and Conditions or this Policy.

Any Bonus received or profit gained through such means will be cancelled and may result in the closure of the Client's Account.
